Howdy Boy—

Come and get it or we'll throw it in Salt Creek! Dan Trudgeon of the Midwest outfit is going to be in charge of the Chuck Wagon. That doesn't mean a thing to you -- yet. It will after May 4th and 5th. Grub? Say, -- never have you seen anything like the Perfect Gorge Dan will spread for you in his Big Shack. If you don't say it was a Royal Gorge, Dan will refund.

What we mean to say, boys, is that Casper is giving you an invite to come to the Annual District Roundup of the S-S (S bar S), the Brand of the Serving Seventh.

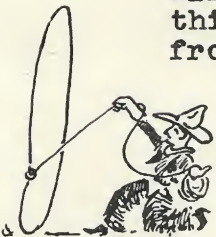

It's like this. We want you to come and bring all the folks. C'mon, give the women folks a break! There'll be a lot of extra boys with new boots and shaps. 'N then we'll have some fancy sewing circles and mebbe a box social.

For the City Slickers, we're goin' to have the golfs all lariatted out, so they c'n shoot 'em easy. For the Shot Gun fellers, we're goin' to bring in a string of traps.

Charlie Townsend, the District Boss, wants all the mavericks which have never had a conference brand put on them. He wants the mavericks special, 'cause the old branded boys wouldn't miss the show on a bet. They know what Rotary can do 'n they know what Casper c'n do, so, just add 'em together.

Will Rogers ain't comin' boys, but we got a bigger shot headed this way. Theodore A. Torgenson is bringin' his outfit with him from Estavan, Canada. It's good!

We wasn't goin' to mention the price, cause some big boy once said that you can remember how tough a piece of beef waz long after the price was forgotten. But in these days of close budgetin', mebbe we had better say in an off hand way that it'll cost the punchers seven bucks and four bits and the girls'll get by with five smackers.

Grab your girl, kick the tires of the lizzie and C'mon. Our recommend, personal and individual, is back of this show!
